

# MD ASJAD REZA

## SOFTWARE DEVELOPER

portfolio-9urn.onrender.com | asjadreza64@gmail.com | +91 9709392790 | github.com/asjadreza

### KEY SKILLS

React.Js, Next.Js	Node.Js, Express.Js	Linux, Containerization	Git, Github Bitbucket
Redux, Typescript	SQL, Postgresql	Docker, Kubernetes,	SEO, Responsive Design
Javascript (ES6+)	API Integration	Networking, Azure,	Langchain, LangGraph
HTML, CSS, Bootstrap	Unit Testing, Jest	CI/CD, Virtualization	MCP Servers, Python

### PROFESSIONAL EXPERIENCE

#### Software Engineer | @ SYMB Technologies

Oct 2023 - May 2025

- Built dynamic UIs with responsive components using Next.js, increasing user engagement by 100% post-deployment.
- Developed a game management system, enhancing user experience with intuitive drag-and-drop controls and optimizing content organization, leading to a 40% increase in user engagement.
- Built a responsive Gadget Insurance product for Ombrella Insurance Brokers Ltd using Next.js and Redux, ensuring smooth state management, optimized performance, and an engaging user experience.
- Upgraded ASU Chat LP from Vue 2 to Vue 3, enhancing performance, maintainability, and user experience.
- Optimized Docker image size via multi-stage builds and automated CI/CD pipelines with environment-specific runners for dev, staging, and production.

### PROJECTS

#### Beatdrop

- Developed a secure music streaming platform using Next.js, Tailwind, Express, Prisma, and PostgreSQL with JWT authentication, Cloudinary media storage, and a real-time music player.
- Implemented full-stack features like file uploads, playlist management, like/dislike toggles, play tracking, and analytics for top songs and popular playlists.

#### Beatdrop Cloud

- Deployed BeatDrop backend to Microsoft Azure App Service with CI/CD automation via GitHub Actions, enabling auto-scaling, high availability (99.9% SLA), and seamless cloud deployments.
- Integrated Azure Blob Storage and Azure Key Vault to securely manage media assets and application secrets, improving performance, security, and compliance across the platform.

### EDUCATION & CERTIFICATIONS

- MERN Stack Development - The complete Guide (Udemy)
- Microsoft Certified Azure Fundamentals. AZ-900

#### Bachelor of Technology (2019-23)

Major: Computer Science and Engineering  
*Jamia Hamdard University, New Delhi*
